## Technical Details

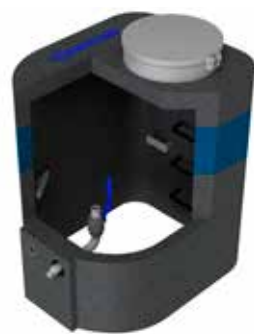

Model	C150
Outside diameter	100 x 120 cm (semi circle)
Clear height	150 cm
A	190 cm
B	120 cm
C	156 cm
Weight	2 x 1.100 kg
Light Version	2 x 880 kg
Lights	75 W
Pit heating	100 W

**Concrete pit C150 – Basic equipment for lances and fan guns.** Inclusive ladder, heating, hatch and 2" water ball valve PN 100 Camlock 2" with connection fittings for air and water. Also available in light version for air lifting.

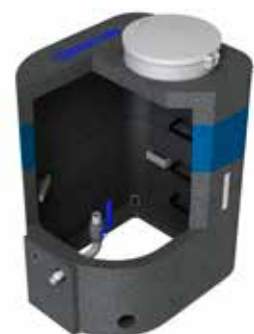

Model	C150 ENH
Outside diameter	100 x 120 cm (semi circle)
Clear height	150 cm
A	190 cm
B	120 cm
C	156 cm
Weight	2 x 1.100 kg
Light Version	2 x 880 kg
Lights	75 W
Pit heating	100 W

**Concrete pit C150 ENH – Basic equipment for lances and fan guns.** Inclusive ladder, heating, hatch and 2" water ball valve PN 100 Camlock 2". Also available in light version for air lifting.

Model	C150 OB
Outside diameter	100 x 120 cm (semi circle)
Clear height	145 cm (no base)
A	190 cm
B	120 cm
C	156 cm
Weight	1.700 kg
Light Version	1.360 kg
Lights	75 W
Pit heating	100 W

**Concrete pit C150 bottomless monoblock – Basic equipment for lances and fan guns.** Inclusive ladder, heating, hatch and 2" water ball valve PN 100 Camlock 2" with connection fittings for air and water. Also available in light version for air lifting.

Model	C150 OB 2
Outside diameter	100 x 120 cm (semi circle)
Clear height	145 cm (no base)
A	190 cm
B	120 cm
C	156 cm
Weight, concrete-pit only	1.100 + 980 kg
Light Version	880 + 780 kg
Lights	75 W
Pit heating	100 W

**Concrete pit C150 bottomless 2 blocks – Basic equipment for lances and fan guns.** Inclusive ladder, heating, hatch and 2" water ball valve PN 100 Camlock 2" with connection fittings for air and water. Also available in light version for air lifting.
