

MOBILE COOLING TOWER

Dimensions Container 20'

| | |
|-----------------------------|------|
| Lenght | 6000 |
| Width | 2340 |
| Height (with cooling tower) | 4610 |

Pump Performance

| | |
|-----------------|------------------------|
| Pressure range | 17-26 bar |
| Min. water flow | 10,5 m ³ /h |
| Max. water flow | 39 m ³ /h |

Technical data

| | |
|------------------------------|-----------|
| Water filter dimension | DN65 PN16 |
| Wate filter | 250 µm |
| Connection water output | 2" |
| Cooling tower capacity | 7,5 l/s |
| Total weight (without water) | 3650 kg |

Electrical data

| | |
|-----------------------------|---------|
| Frequency | 50 Hz |
| Nominal voltage | 400 V |
| Rated power cooling tower | 4 kW |
| Rated power pump motor | 30 kW |
| Effective power pump motor | 25,5 kW |
| Heating and small consumers | 1,5 kW |
